The Book Of Megadriel

Synopsis

The True history of the Angels Many cultures throughout the world hold the belief that angels can take human form and manifest themselves to human beings on Earth. The Book of Megadriel guides you through the wealth of information contained in classic texts such as the Bible, the Apocrypha, and the Kabbalah. It illuminates the wonderful history of these inhabitants of Heaven who choose to play a role in mortals' lives. Author Migene González-Wippler has done the research for you and you can reap the benefits of her research and tap into the power of angelic energy. Scholarly yet readable, this important resource reintroduces the angel knowledge, power, and magic that the ancients knew so well: angel names, angels' assignments and guardian angels, angels and the zodiac, prayers & invocations, the Ritual of the Pentagram, and other rituals of angel magic. There are other books that tell the stories of the Creation and the Fall of Satan. But only in The Book of Megadriel can you read an account by an angel called Megadriel, who relates the story of Creation and the awesome battle among the angels for the Throne of God. As the world moves forward, the special magic of the angels will continue to be of vital importance in human history. Based upon messages received from angels, González-Wippler offers insight into events taking place in the beginning of the new millennium and the steps we can take to protect our planet from cataclysmic disasters. This unique book is both an introduction to the true history of angels and a guide to your empowerment through celestial guidance and intervention. About the Author Migene González-Wippler was born in Puerto Rico and has degrees in psychology and anthropology from the University of Puerto Rico and from Columbia University. She has worked as a science editor for the Interscience Division of John Wiley, the American Institute of Physics, and the American Museum of Natural History, and as an English editor for the United Nations in Vienna, where she lived for many years. She is a cultural anthropologist and lectures frequently at universities and other educational institutions. She is the noted author of many books on religion and mysticism, including the widely acclaimed The Keys of the Kingdom/The Christian Kabbalah; A Kabbalah for the Modern World; The Complete Book of Spells, Ceremonies & Magic; Dreams and What They Mean to You; What Happens After Death; and more.
