Customer Reviews

This product was very helpful for me to achieve my goals. I wanted to Get a 4.0 in my college Math course and with help from this product I achieved that goal. If you are taking a Quanatative Business Methods class i would totally recoomend for you to buy this book. It is helpful beyond belief. You may have a hard time lugging around the book since it is about the size of man on steroids but it is worth it.

this is an older edition. information are good, but assignment questions are different from the newer editions.

Great text book

Good condition

nothing

Good

Worked wonderful for my class
