Until Harry

Synopsis

Coming home is hard for Lane. Hard because her beloved uncle Harry has died suddenly, but also because of him. Kale. Kale Hunt has been her best friend since childhood. But it was never that simple. He was Lane's reason for leaving home and moving to New York. Seeing him with someone else, in love with someone else, shouldn't have hurt. But it did. It really, really did. So she upped sticks and left, started a new life and cut herself off from her past. But now she's back and all the feelings are right there. As if she had never left. Emotions are running high, and tragedy has a funny way of bringing people together. But is Lane reading the signs right? Are they still just friends, or is there something more?

Customer Reviews

This book was just not for me. I am leaving this review because I am sure someone else will be sucked in by the Blurb like me and I want them to know it's a Mary Sue kind of story. This book had potential but it fell flat. It was too Mary Sue, too unbelievable at times and I couldn't understand Lane's logic. The heroine • Lane was a Mary Sue | a bleeding heart Mary Sue.

She couldn't handle seeing the love of her life (Kale) with someone else so she left. Not just her home but her family, friends and the whole country. Dramatic much! The flashbacks made it ten times worse and made her seem almost obsessive in love of Kale. Lane not only moved away but she also broke all ties and communications with her family with the exception of her grandfather Harry. To go to that extreme because of a guy just screams that Lane is a little unstable and a self-centered little brat to me. I get that she was hurt and it was hard to see Kale and Drew together but move on honey. He didn't choose you. Kale and Drew's son dies and the only thing that cheered Kale up was hearing about Lane from Harry. Oh just hearing her name is enough to make him feel better. Drew finds Lane and they make up. Forgive and forget and become friends because while Drew had Kale's body and attention Lane had his heart. Kale loves Lane almost in the same obsessive way that she does him. He hasn't stopped thinking about her since she left. He imagines her in bed with her instead of with Drew. The conditions in Harry's Will were laughable. Lane gets the estate but only if she talks things out with Kale. When they do finally talk it out Kale tells her he loves her and wants to have everything with her. He doesn't want to date her. He wants everything with her: to marry her, for her to have his children and she has to think about it.

So.... you know there are stories that stay with you... you know they'll stay with you long after you've read them and from time to time they'll pop back into your head and make you remember the emotions you felt while you were reading them and maybe remember the reality you remember while relating to them... This story was like that for me.... I have been looking forward to this one for a while but nothing could have prepared me for how amazing it truly was. Lane has an amazing family. Her parents, brothers, Nanny and her Uncle Harry; they're all so amazing. Perhaps a smidge overprotective when it comes to her brothers, but being the only girl AND the baby; with three brothers myself, I can 100% understand where they were coming from. Their relationships were unconditional, even though they were stubborn and often times spoke out of anger or fear and it hurt, their hearts were in the right place and I loved the family aspect of this story... Now, we also have Kale; long time family friend and honorary adopted brother/son from the whole family... He's been around since Lane was born and even though their relationship was platonic and they were best friends for the longest time; of course they fell for each other. How could they not? They were destined to be together.... However, life kept getting in the way; it was messy and hurtful and downright ridiculous at times but everything happens for a reason, right? Everyone kept saying that this was a story about unrequited love; but it wasn't was it? Lane and Kale DID love each other... It

just wasn't time for them yet. The things he had to go through as well...
