Customer Reviews

Very nice. I like the rearrangement of the texts, in this way it is simpler to use the book. What else can one say about a classic which I wanted to buy for the last 30 years?

I had all three of these at one time and would rate them all higher if I could,, I ground many mirrors and lenses with the info from these,,,

It appears to be a very interesting book. I have not yet explored it in detail.M.Jolly
