SEALionaire Book 2: A Navy SEAL Romance

Synopsis

Former Navy SEAL Adam "Reaper" Dedman is cruising toward the bottom of the pit of despair. The Navy has washed their hands of him and now he's got nothing else to do but waste the rest of his life. Or so he thinks. Down on his luck and running out of choices, Reaper agrees to meet the man who walked away from his mother. If not for anything else, it's a chance to get close to the mysterious but oh so sexy, Olivia • Darling. Don't miss Book 2 of the sexy Navy SEAL romance trilogy, SEALionaire, as it turns up the heat.

Customer Reviews

This is the second installment of the SEALionaire serial which should be read in order. The story picks up months after Adam was escorted from his mother's funeral back to the military to deal with the consequences of his actions while on leave. Olivia has not heard from him but he's on her mind often. Faced with a court-martial or an honorable discharge Adam's choice is simple but losing the only career he's ever known is not. He's lost, without any purpose, parted from friends, his mother gone so he wallows in despair, turning to alcohol to escape. But he's not as alone in the world as he currently feels, two of his friends take leave and take action to help him

come back from the bottomless pit heâ€™d fallen into and waiting in the wings to help is Olivia who understands his pains for sheâ€™s had her own. The chemistry between Adam and Olivia still burns brightly, their time apart did not diminish it and itâ€™s not surprising that she becomes his lifeline as he recuperates. These two fit so well together and deep down they both fill a need in each other. Itâ€™s because of Olivia that Adam learns more about his father but nothing is simple for the ex-SEAL and there are surprises, the reality of who his father is and what that really means for him along with tragic news and newfound enemies that are not pleased with his existence. The ending is suspenseful, a definite cliffhanger, but this reader has faith that Adam will prevail out of the situation he found himself in for once a SEAL, always a SEAL. There was anal play in one sex scene with a finger that was a total turn-off, ruining the scene for this reader. This reader feels that there should be warnings in the blurb when such is included. This piece of the story ended at 30% on a kindle followed by the beginning book of another serial by M.S. Parker alone: Hero Book 1: The Assignment, which this reader will not be reading.

The Navy has to discharge Reaper after he goes to jail. It a honorable one but breaks him because it was his life and he loved being a Navy Seal. Adam ((Reaper) is so attracted to his father's assistant Olivia, he can't think when she is around. He meet his Father and learns of his parents affair. He doesn't want to give his Dad a chance after abandoning him for 29 years but Olivia helps him understand the man his Dad is. Adam and Olivia begin a relationship together that is so hot, they both can't understand what's happening to them. Until a board member of his father company tries to kill Olivia.

I received an ARC in return for an honest review, just like SEALionaire Book 1. This is not an "easy" or "light" read, folks. All through the first four chapters I was so wrapped up in Reaper's grief, anguish and remorse, that I wanted to punch a wall and cry my eyes out. I have to admit that I kind of wanted to strangle Reaper's friends, but they're trying to help him. Tough love, I believe it's called. What he's going through is so monumentally unfair, it honestly gave me a headache! And Olivia's emotions made me ache for her - she's going to lose her only "Father Figure" and there's nothing she can do to stop it. That kind of pain is so familiar....Just as things look like they might be improving for Reaper, the story takes a surprising turn, and then BAM! It's over. ARGH!! love M.S. Parker's stories, but oh my goodness, the cliffhangers are giving me gray hair. I NEED the third book ASAP, because I need to know what happens in the garden, and how this whole thing will wrap up! I can't wait until the whole set is done, because after this one, I really need some

resolution: some happiness for Reaper and Olivia. I feel set adrift. Having this part of the story released by itself... It feels strange, like it should be part of just one massive novel, not left to stand on its own. But maybe that's because this is the first of Ms. Parker's stories that I've read piece by piece, in this way? All the other series I have read after they were complete ("Unlawful Attraction" is possibly my favorite - definitely worth checking out). Regardless, I'm anxiously (yes, I feel anxious!) awaiting Book 3. If you can handle a Cliffhanger, and you like her other books, I'd pick up books 1 and 2 right away, so you're up to date when the 3rd drops.

Olivia and Adam are healing each others past together. I'm happy that Adam found out the truth about his mother and father's relationship. It's sad in certain parts of the book but it explains what Boss is facing and how he's handling it all. Looking forward to book 3.

Wow! What can I say? So many mix of emotions at play when reading.. Adam and Olivia went from seeing each other in book 1 to in book 2 not seeing each other in months. Adam is going thru all this emotional turmoil from finding out about his father and his situation. Now he is slowly coming out from that fog and trying to deal with it, with help from friends. Secrets are revealed and just as it is starting to come bubbling forth, danger comes forth- who survives? Will Adam be able to get to James and who is he able to reach? This book ends on an epic cliffhanger. Come on book #3
My rating: 4.5 stars **** **I was given an ARC by the author in exchange for an honest review***
