Montana Hearts: Sweet Talkin' Cowboy

Synopsis

Darlene Panzera continues her heartwarming Western series with a roughed-up cowboy, the feisty girl next door, and the deal that brings them together. If it wasn't for an injury to his leg, Luke Collins would be riding rodeo broncos all day, every day. Until he heals, he's determined to help his family's guest ranch bring in money any way he can. But when a cranky neighbor gets in the way of his goal, Luke turns to the only person he knows can help: the gorgeous, rodeo-barrel-racing spitfire next door. It's no secret: Sammy Jo's father is a pain in the neck. But if anyone can persuade him, it's her. So when Luke asks for help, Sammy Jo is more than willing to make a deal with the handsome cowboy. The cost? He's gotta get back up on that horse! With Sammy Jo's help, of course. As teamwork reveals a deeper connection, Luke finds himself falling for the beautiful girl next door. But to win her heart? He'll just have to do whatever it takes.

Customer Reviews

A very enjoyable read that is well written with a great group of characters. The MC's are Sammy Jo and Luke. They've grown up together and while she has always had a bit of a crush on him, she's always just been one of his sister's friends. Things have changed though and Luke is looking at Sammy Jo a bit differently now. One problem - the two families have been feuding for years, how

can anything develop between them?? This and a host of other issues they are dealing with is what makes this a fun read. Definitely one I would recommend.

Sammy Jo and Luke had grown up together and while she has always had a bit of a crush on him, he's always seen her only as one of his sister's friends, that is until now. Now, 7 years later he's starting to see her in a new light. Butwith the long standing feud between the two families will they ever get the chance to explore these new fond feelings for one another? I love everything about this story; the suspense over what could possibly go wrong next, and would they ever catch the culprits involved--- the mystery sounding what was kept in the lock box at the bank--- and of course, wondering if the slow building romance between Luke and Sammy Jo would ever survive with everything else going on. I loved the story line, the plot, and of course....all the wonderful characters we've met. I would highly recommend this book, as well as this series, to everyone.

Although it can be read as a standalone, I recommend that the series is read in order as some of the events in the first book impact this one as well. Luke and Sammy Jo have known each other since they were kids, but while Sammy Jo has been in love with him for some time, Luke is just starting to see her in a different light. The mystery of who is sabotaging Luke's family ranch forces them to spend more time together and their friendship turns into romance. This was as sweet romance that I really enjoyed. Looking forward to the next book! I received an ARC via Edelweiss for the purpose of an honest review. I was not compensated for this review, all conclusions are my own.

Sweet Talkin' Cowboy is the second installment of the Montana Hearts Series by Darlene Panzera. Each book can be read as a stand alone, but once you read one book, you won't be able to resist the others! In Sweet Talkin' Cowboy, the focus is on Luke and Sammy Jo. Luke is trying to help his family keep their dude ranch afloat, but Sammy Jo's father is a master at causing delays. Luke doesn't like to ask for help, so when he asks Sammy Jo to intervene, he will have to pay the price. Luckily, the price is right!

I really love when the sequel is as good as the first story. It continued the storyline and developed into a very interesting story. Loved the families and how they blend the friendships and love. I really enjoy Darkened writing. I'm onto the next story in this series.

At first I couldn't get into it, but I kept reading and found myself more interested in what was the truth

and separated to a different train of thought and found the story was really good. Suggest with a little patience, you just might like it too.

Great Book that kept you guessing who was friend and who were the enemies. Love of family and families feuding are part of the story adding stress. Romance struggles to begin and grow through many distressing events.

Good reading, lots of action. Family feuds and someone trying to force them into bankruptcy by rustling their cattle and setting fires. The family pulls together to find out who is trying to ruin them.
